

In the recent weeks it has been brought to the attention of the citizens of the towns effected if the under handed inappropriate process authorizing the water usage from our communities to line the pockets of those who are acting NOT on behalf of the citizens. This process was less than transparent and the appearance at best corrupt. I urge you to act and represent those who put you in office to cease and assist this practice by passing the legislation presented by Beth Bye.

Pam Sutula

West Hartford

A TAX PAYING CITIZEN WHO IS NOT IN FAVOR OF THE WATER COMPANY RAPING OUR RESERVOIRS!!!!
